Two Markets—One in new market building near courthouse and one next door to The Bryan Grocery Company

SCOPE OF THE STORM

Texas to Kentucky and from Texas to the Lakes.

GREAT DAMAGE DONE

At Wills Point Five Persons Were Killed, Many Injured and Part of Town Demolished—New Boston Suffered by It.

Dallas, March 11.—The storm which swept eastern Texas on Saturday was wide in its scope, Wills Point and New Boston being the worst sufferers.

At Wills Point, Maggie Clouse, an infant of Rev. J. H. Clouse, the 3-year-old son of J. W. Williams and a child of John White were killed and 12 or 15 persons injured, 2 or 3 seriously hurt.

The cyclone came from the southwest and held to a straight northwest course. Its path was about 300 yards wide. It struck the northwest corner of Wills Point in the residence section. No house was left whole; those that are not irreparably wrecked are in the minority. Most of them were demolished—mere heaps of debris that offer opportunities for the junk man. Household furniture and utensils are strewn farther than the eye can reach, and they mark the storm's path. The property loss, it is estimated, will not be less than \$65,000.

Charley Powers, a painter, was drowned while trying to cross Mogby creek, near Wills Point. His horse got tangled in a barbed wire fence at the crossing and in attempting to jump he became entangled in the wire himself and was drowned.

The storm at New Boston was not so severe as first reported. About 12 houses were partly wrecked and J. L. Pettus and Casper Phillips so badly hurt that they are expected to die.

Several towns between this place and Texarkana felt the force of the storm, but with the exception of the loss of a few roofs and some damage from hail, suffered but little.

Towns in the northern part of the state were visited by rain and hail, but no damage done.

Scope of the Storm.

Memphis, March 11.—The storm section extends from Texas, Arkansas, Louisiana up the Mississippi valley nearly to Memphis to Kentucky and through northern states to the lakes and some regions are almost without wire or rail. The telegraph companies are finding it difficult to gather details of the storm, but enough is known on which to base estimates of property losses approximating \$1,000,000 to the farming and other interests and at least a score of persons dead.

Damage at Chicago.

Chicago, March 11.—One of the worst wind storms of the season struck Chicago early Sunday and during the two hours that it was at its height damaged property throughout the city to the extent of \$175,000.

Heavy plate glass windows were blown in. Telegraph and telephone companies were the worst sufferers. Thousands of poles were blown down and Chicago was practically isolated from the west and northwest by telephone and telegraph.

Trains entering Chicago were delayed from 10 minutes to an hour. The Burlington and the Milwaukee and St. Paul railroad lines were the worst sufferers. All the roads suffered damage to their tracks and switchyards.

At the life saving station at the mouth of the Chicago river it was considered the worst gale which had struck Chicago harbor since 1894. The water lashed into fury came up to the life saving station and flooded the floor for the first time in 12 years. Most of the shipping was protected in winter quarters so the damage done to it was slight.

The passenger steamers Indiana and City of Grand Rapids, plying between here and Milwaukee were caught squarely in the gale. After many attempts the City of Grand Rapids managed to get inside the harbor at Kenosha, where she remained until the storm abated.

The Indiana put into port in Chicago in the midst of the storm with all her passengers seasick and panic-stricken.

In Arkansas.

Little Rock, March 11.—A heavy rain, wind and thunder storm, accompanied by lightning, visited this state Saturday. This place suffered little and that only from the rain.

At Van Buren lightning struck the residence of James Morrell, rendering his wife unconscious.

At Conway 15 business houses were unroofed and three blown down, many of the stores being flooded.

Reports from Pine Prairie, five miles from Arktown say that a cyclone struck there wrecking everything in its path.

The son or Mr. Turner was killed.

Three persons were killed and many injured in the vicinity of Forest City by the tornado. Four miles east of here Pinky Watson, a negress, and her infant child were the first victims and in the same neighborhood 16 houses and miles of fences and many trees were leveled to the ground.

In Johnson township, 10 miles northwest of Forest City, the cyclone literally lifted the house of J. A. Wooly from its

foundation and shattered it to fragments, killing Wooly and seriously injuring his wife and stepson.

Reports from Pine Bluff say the heaviest rainstorm that section has known in years occurred there Saturday and Saturday night.

News from Paragould says the storm wrought much havoc in Green county and three fatalities are reported.

At Rock Hill Mrs. Mollie Davis and a 15-year-old boy named Omer Roberts were killed by falling timbers.

At Jackson Commissary, 12 miles west of Paragould, Charles Rowling, a young business man, was killed outright by the roof his house falling in and several persons are reported injured. The damage to small buildings, fences and fruit trees is large.

In Kentucky.

Fulton, Ky., March 11.—A terrific storm swept this section Saturday night. The damage at Clinton and Hickman was heaviest.

At Clinton 20 negro cabins were demolished and a score of negroes hurt. Two negroes were mortally hurt and many others were badly bruised and mashed.

A large number of tenant houses and barns were blown down in Fulton and Hickman counties and the loss of property is large.

News from Paducah, Ky., says the storm struck the neighborhood of Maxon's Mill and overturned three houses filled with negroes. Twenty stables were blown down and many horses killed. Tobacco barns were razed and their contents blown away. The Catholic, Cumberland Presbyterian and the Baptist churches were destroyed. Loss \$150,000.

At Owensburg, a cloudburst did great damage. The sewer well at Main and Davies street burst and a torrent of water poured into the opening and the streets were torn up for some distance about 50 feet in diameter and 25 feet deep. A large water main was undermined and broke into and this added to the fury of the waters poured into the large opening, created a roar like a big waterfall. Davies and Main streets were undermined for many feet, there being only a top crust of macadam and underneath the appearance of a mammoth cave in through which swept a mad stream of water. Portions of the streets caved in and the extent of damage is not yet known. Houses are in great danger. The loss will be heavy.

In Michigan.

Grand Rapids, March 11.—Dispatches from various points in western Michigan indicate Sunday's wind, sleet and storm almost paralyzed the state telephone service.

In Ionia the streets are blocked with fallen poles and wires, and at other places the condition is not much better.

Over 1000 telephones were rendered useless at Detroit by the rain which fell and froze during Sunday morning. The 80-mile an hour wind raised havoc with the wires, weighted down as they were by ice. Damage is estimated at \$20,000.

In Ohio.

Cincinnati, March 11.—During the past three days wind and rainstorms have prevailed throughout the Ohio valley, doing slight damage in some places. There was some hail.

High wind is reported in some places but nothing like the February rise in the Ohio river has yet been reached the stage being only 25 feet higher.

In Indiana.

Princeton, Ind., March 11.—This city was struck by a tornado Saturday night. One dwelling was wrecked, several others were moved from their foundations and hundreds of outbuildings were demolished. No lives were lost. The courthouse and high school buildings were much damaged.

Severe Snow Storms.

Kansas City, March 11.—Saturday night's snow storm was one of the severest in Missouri and Kansas of the winter. A Missouri Pacific passenger train struck in a drift near Jamestown, Kas., and remained there for six hours.

Storm on Florida Coast.

Pensacola, Fla., March 11.—There was a severe storm on the gulf Saturday night and on account of high seas Sunday the battleship Alabama did not sail on her trial trip. All the preparations were made for the trial and the postponement is only for favorable weather.

Killed Her Brother.

Athens, Tex., March 11.—While the children of J. J. Bradshaw were playing jail at their residence, the 12-year-old son, Jim, was fastened up in the diningroom closet and the 8-year-old daughter told him to look out as she was going to shoot him. She pointed

single-barrel shotgun which was thought not loaded at him. The gun fired and instantly killed the boy.

Rev. B. T. McClelland Dead.

Brownwood, Tex., March 11.—Rev. B. T. McClelland, the founder and president of the Daniel Baker college, died at the college hall Sunday at 5 o'clock. Dr. McClelland was one of Brownwood's pioneer citizens. He erected the first Presbyterian church and for years was the pastor of the same.

Kansas Bank Robbed.

Argonia, Kas., March 11.—The private bank of J. H. Springer was robbed here Saturday night of \$2600 in cash and \$4000 in registered government 3 per cent bonds. The safe was blown open with nitroglycerin.

Prince Tuan Aggressive.

Shanghai, March 11.—Dispatches from Lan Chau assert that General Tung Fu Hsiang, with 20,000 men, and Prince Tuan, with 10,000 men, are at Ning Hsu prepared to resist arrest.

BY CONNELLY & CARNES.

For Week, 10c. - - Per Month, 40c.

TUESDAY, MARCH 12, 1901.

Hood's Brigade will hold a reunion in Galveston, June 27 and 28.

The thermometer reached 90 degrees Monday of last week, and on Tuesday dropped to 36. This is Texas weather, says the Oakwoods Sun.

San Antonio reports an oil well near that city "in which the oil rises up almost as fast as it can be bailed out." That ought to be sufficient to make the price of land rise about as rapidly as the oil.

Congressman Cooper slapped the face of a Massachusetts millionaire who insulted him on a sleeping car. The Yankee sued the Texan for \$10,000 and the Texan won. Bronse Cooper has probably held some good hands in his time, but this is doubtless the heaviest winning he ever made. Hurrah for Cooper! We hope if it becomes necessary he will hit 'em again.

The Eagle has received a copy of Prof. F. W. Mally's report on the boll weevil investigations he has been conducting. The report is published in pamphlet form, covers forty-five pages. It treats the boll weevil systematically and contains much valuable information presented in clear, concise and practical statements. The report shows the value of the department of entomology recently added to the college, and recommends appropriations making the department permanent. No argument should be necessary to convince the legislature that young men receiving agricultural training should have careful training in entomology. Aside from this the services of the state entomologist will be constantly in demand,

Quality is of first importance in medicine.

QUALITY of the Drug or Chemical used in Prescription filling means everything--the success of the physician, the reputation of the druggist, the health of the patient
We take scrupulous care to have our drugs and chemicals of the right quality

Emmel's Prescription Pharmacy

TRUSTS LEADS TO KINGS.

Startling Theory Advanced by Professor Hadley of Yale College.

New York, March 11.—A special to The Times from Boston quotes President Arthur T. Hadley of Yale University as saying: "We shall have an emperor in Washington within 25 years unless we can create a public sentiment which, regardless of legislation will regulate the trusts."

President Hadley uttered this at the Old South church Sunday night the report explains, before a congregation made up of the richest of the society of New England. Prof. Hadley was delivering the third of his Lenten address by college presidents and his specific topic was "The Development of a Public Conscience."

In the course of his address he said: "Trusts have got to be regulated by public sentiment and that public sentiment is not merely the opinion of any particular part of the whole people, but is a readiness to accept, in behalf of the community, restrictions, independent of the question of whether you or I shall be personally harmed by those restrictions."

"You say that the community will not be governed by this principle. We must expect that the community will, however, for the alternative is an emperor in Washington within 25 years. Public affairs can no longer be played as a game, but must be directed by an intelligent and active public conscience. Individual effort is helpless and hopeless."

CHRISTIANITY IN JAPAN.

Some of the Most Influential Citizens Are Now Christians.

New York, March 11.—Rev. Robert S. MacArthur spoke Sunday night in Calvary Baptist church on "Protestant Missions in Japan."

"Recent statistics show," said Dr. MacArthur, "that the Christian Japanese includes a judge of the supreme court who is one of the most learned and able men in Japan; the commanders of two battleships of the first-class; the president of the lower house; 14 other members of the parliament; the minister of foreign affairs and the secretary of the prime minister. Christianity is making rapid progress in every part of Japan, and it would not be surprising if before a generation passes Christianity would be the dominant faith of the Land of the Rising Sun. Japan is likely to unite her forces with the American republic and the British empire, in resisting the selfish, aggressive grasping propensities of Russia in China."

BRYAN AT NEW YORK.

He Attends Parkhurst's Church and That Minister Calls upon Him.

New York, March 11.—William J. Bryan's Sunday in town was marked chiefly by a call upon him by the Rev. Dr. Charles H. Parkhurst. The clergyman had noted Mr. Bryan in a pew at the morning services and called immediately after. He expressed regret at not finding Mr. Bryan at his rooms at the Hoffman House.

Mr. Bryan dined with Orlando J. Smith, president of the American Press Association, and in the afternoon left for East Orange with Colonel William H. Brown. In the evening Mr. Bryan returned to the Hoffman House and received several of his friends. Today Mr. Bryan visited the printing plants of several weeklies and tonight he left for Philadelphia en route for home.

Nan Rice Dying.

Indianapolis, March 11.—Nancy Rice MacLaren, widow of Dan Rice, the famous old time circus performer, who died a year ago in New York, is dying in the city hospital here of bronchitis. "Nan" Rice, as she was known years ago, was a trapeze performer and did an act with her famous husband, touring the country with him. Mrs. Rice has no living relatives that she knows of, and seems resigned to the fate that is inevitable. She was admitted to the city hospital two weeks ago but not until three days ago did she make her identity known.

Verdict for Congressman Cooper.

Washington, March 11.—George C. Barker, of Maine, several days ago instituted in the district criminal court a suit for \$10,000 damages against Congressman S. B. Cooper, of Texas, for an alleged assault last summer and a verdict was rendered in favor of the defendant. On May 31, last, while both were journeying from the south to this city, Barker objected to Mr. Cooper expectorating upon the floor of the car, and after considerable remonstrations, the congressman slapped Barker in the face. This action led to the suit.

Murdered by a Negro.

Carbondale, Ills., March 11.—In a lane about a quarter of a mile from the main road that leads from this city to Murphysboro, an Arabian claiming to have lived in Jerusalem, was found dying, having been strangled and robbed. The man was taken to St. Andrew's hospital, where he died. Before death he regained consciousness and gave his name as David Mossi and his home Fort Wayne, Ind. He claimed to have been beaten by a negro man who took all his money from him.

Want More Guns Left.

Pekin, March 11.—Companies A and B, Ninth United States infantry, has been notified they will remain in China. Many Americans here urge the legation to use its influence to have at least two field guns and enough artillerymen to work them left here.

Germans report that in a recent engagement near Pao Ting Fu 250 Chinese were killed and four magazine guns captured. No German losses.

HOWARD A BANKRUPT.

He Came into Public Notice by Writing His Book on Congress.

Birmingham, Ala., March 11.—M. W. Howard, who acquired a national reputation a few years ago while he was a member of congress from the Seventh district of this state, by writing a sensational book entitled "If Christ Came to Congress," the publication being an alleged exposure of the dark side of congressional life, has filed a petition in bankruptcy here. He places his liabilities at \$10,827 and assets at \$793.

Howard now resides at Fort Payne, where he has been identified with some industrial projects since his retirement from congress where he served two terms, having been elected as a Populist. Howard narrowly missed being nominated for president of the United States by the Middle-of-the-Road Populist convention at Cincinnati last summer.

THE YOUNGER MURDER.

Citizens of Corsicana Will Protect the Prisoners from Mob Violence.

Corsicana, March 11.—Corsicana is still under strain over the brutal murder of Mrs. Younger by a negro, but citizens have resolved to protect any one arrested from mob violence.

There are three suspects under arrest for the crime. One is in jail at Hillsboro, one in jail at Palestine and another was arrested here Sunday.

They will all be given a preliminary trial and will be fully protected. To further this aim the mayor has ordered all saloons closed for an indefinite period.

Palestine Negro Identified.

Palestine, Tex., March 11.—The Corsicana officers arrived here on Sunday's train and proceeded at once to the county jail.

The prisoner's identity was well established without a doubt and he will be taken back to Corsicana as soon as he is well enough to be moved.

Deputy Sheriff Ben Parker, who was wounded in Saturday's fight, while attempting the capture of the negro and in which the negro was wounded, is reported as resting easy and his condition is favorable.

SERIOUSLY ILL.

The Condition of ex-President Harrison Is Regarded as Dangerous.

Indianapolis, March 11.—The condition of ex-President Benjamin Harrison may be stated in one word—serious. Dr. Jameson stated yesterday that the upper part of General Harrison's left lung was inflamed and there was danger of congestion extending to the rest of the lung and to the right lung.

Russian Remedy for Trusts.

Washington, March 11.—As a result of an attempt made by the manufacturers of corks in Russia to form a trust against the government in order to compel it to pay exorbitant prices, it has been determined by the excise department of ministry of finance, which has charge of the alcohol monopoly, and which has been experiencing considerable trouble of late with the manufacturers, to establish a cork factory under the immediate supervision of the government.

Six billions of corks is estimated as the yearly consumption by the excise department. The government intends for the present to produce 2,000,000,000.

Negroes Lynch a Negro.

Chattanooga, March 11.—Near Moulton, Ala., a negro named Bud Davis has been lynched by men of his own race for shooting his sister-in-law, whom he had enticed from his brother's home, and with whom he had been living. The crime occurred at a church entertainment, where the brothers met. The woman refused to return home with Bud Davis, whereupon he shot and seriously wounded her. The next morning his body was found hanging to a tree a few miles from Moulton.

Special Commission at Washington.

Washington, March 11.—The president this morning granted a special audience to members of the Puerto Rico commission appointed at a mass-meeting of citizens of the island to protest against the law enacted by the legislature known as the Hollander bill. This measure provides for raising revenue by property and excise taxes. Claimants assert new taxes unnecessary as old taxes provide sufficient revenue.

Three Men Burn to Death.

San Francisco, March 11.—Three men Charles White, Charles Young and R. Jamieson and 76 head of horses burned to death here in the destruction of Morton's livery stable. The men who were employed at the stables were asleep in the hay loft.

Postoffice Safe Blown.

Toledo, March 11.—Six masked men secured tools from a blacksmith shop early Sunday morning and breaking into the West Toledo postoffice, blew open the safe with nitroglycerin and secured \$700.

Mrs. Nation's Case Undecided.

Wichita, Kas., March 11.—The jury in Mrs. Nation's case failed to agree and were discharged. It is said they stood 7 to 5 for conviction.

Conger Leaves Pekin.

Pekin, March 11.—United States Minister Conger left this morning. All of the foreign ministers bade him farewell at the railway station.

Kaiser's Condition.

Berlin, March 11.—Emperor William is progressing so satisfactorily that he is able to spend some time in his study.

Li Again Seriously Ill.

Pekin, March 11.—Li Hung Chang is again seriously ill and his physicians say his life hangs in the balance.

Talking about spring suits

Let us show you what we can do for you in the clothing line. We offer you such an immense collection of woollens to choose from, nearly 1000 patterns, you can't help finding something in the line to please you and we will make the prices right. Fancy Striped Flannels will be the most popular fabric this season, Serges, Cheviots and worsteds will also be worn, our prices on strictly Tailor made suits range from \$13.50, \$16 and \$17.50 to \$20.00

SEE OUR WINDOW DISPLAY

PARKS & WALDROP,

Mens' Outfitters.

It is definitely announced that the Calvert, Waco & Brazos Valley railroad will go by way of Navasota to Spring on the Gulf division of the I. & G. N., and the people of Navasota are proportionately jubilant. It is said that building will commence from Bryan and from Spring in order to expedite the work. Navasota expects, along with the road, a \$12,000 union depot. A force of two hundred men with their teams is encamped at Marlin ready to begin work on the north extension of this road.

Mrs. E. Murphy, whose husband died here recently, has moved to Waco, and writes the Eagle requesting that her thanks be extended to the good people of Bryan for loving kindness and sympathy in the trying hours of her sorrow. In closing the request Mrs. Murphy writes: "May showers of God's richest blessings fall upon the good people of Bryan."

Tandy Easley and Ed Heslep left yesterday for Bryan whence they will ship their teams and wagons to Athens, where they will begin railroading on the T. & N. O. With George Lee, Bob Oliver, Dab Chiles, Billy Gilbert and these two, it is sure the road will be pushed to a speedy completion.—Caldwell News-Chronicle.

A 'phone message from Dr. Fountain at Austin yesterday stated that the industrial school bill was postponed yesterday until this morning, and that he thought the chances more favorable than on Saturday. A Bryan committee is on the ground.

All are cordially invited to spend "An Evening with Noah" at the residence of Mrs. W. H. Webb Friday evening, March 15. Music and refreshments will add to the charm of the entertainment, which will be given by the ladies of the Methodist church. Admission, 25 cents. 202

Rev. C. P. Fountain preached at the Baptist church Sunday after which the church extended a call to Dr. Tumlin of Ft. Worth. Dr. Tumlin is highly recommended by those who have heard him. He is a middle aged man of family.

Mrs. D. D. McCorquodale and family request the Eagle to express their thanks to neighbors and friends for kindly offices performed during Mr. McCorquodale's illness and after his death.

Another union service of the Methodist and Christian congregations was held Sunday night at the Christian church, with a strong sermon by Rev. E. L. Shettles. His text was from First Samuel: "Them that know Me I will honor, and they that despise Me shall be lightly esteemed." The theme, briefly stated, was "Respect for Authority." The subject was treated by subdivisions, and lessons of respect for the authority of the home, the church, the state and of God, were successively presented, each subdivision being effectively amplified by argument and illustration, and the relation and influence of each upon the others shown. The minister declared that there are times in early life where law and love must govern, and that out of lawless homes come the inmates of jails and penitentiaries. He urged the enforcement of the law, deplored Sabbath desecration and plead for the growth of christian sentiment. He said the blood of Jesus Christ will enable men to lead clean lives from the cradle to the grave. The music, led by Rev. Jewell Howard was excellent.

Why Premium Baking Powder is the best made. It is made of the very highest grade of French Crystal Grape Cream of Tartar and will, if used according to directions, take the place of butter milk and soda or will take the place of cream of tartar and soda for cakes and can be used in place of cream of tartar for angel food cakes. We guarantee Premium to be the best baking powder ever made. If not entirely satisfactory return empty can and get your money back. Be sure to get Premium. Manufactured by the Potts Baking Powder Co. For sale by John M. Lawrence & Co. and Cole Bros. 57tf

Hugh Tom Harris, age 5 months and 13 days, son of Mr. and Mrs. W. W. Harris, died at their home yesterday at 12:30 p. m., after a lingering illness from whooping cough and bronchitis. The funeral will take place from the family residence in the southern part of town this morning at 10 o'clock. The Eagle unites with other friends in extending sympathy to the fond parents, who did all in their power to save the life of the little one but to no avail.

FOUND—A man's shoe, almost new, bought from Parks and Waldrop, on College road Saturday evening. Owner can get same by calling and paying for this ad. 85

All parties who do not want their land or town property sold are hereby warned not to place it in the hands of Monroe Edge, the real estate hustler. 88

E. Heilbron, of the Morrison Drug Co., of Waco, called on the Eagle yesterday, and is here advertising the great liver medicine, Heptol.

E. Burge and W. R. Dunn were here from Vinton, La., to attend the funeral of Mr. D. D. McCorquodale. Mr. Burge left for home Sunday.

Mrs. Mal H. Webb left for El Paso yesterday in response to a telegram announcing the serious illness of her father, Judge Loomis.

For Rent—Six room house, water-works and cistern, conveniently located. Apply to Mrs. E. B. Roberts. 87

S. W. Buchanan at the city market sells the best of all kinds of refrigerated meats. Give him a call. 76-tf

Business League To-Night.

The regular monthly meeting of the Business League will be held tonight at the K. of P. Hall. Called to order at 8 p. m. The 3rd Regiment Band will be present and furnish music. All the members and the public generally are invited to attend. W. E. SAUNDERS, President.

F. M. LAW, JR., Secretary.

Notice of Stockholders' Meeting.

Notice is hereby given that the regular annual meeting of the stockholders and board of directors of the Calvert, Waco and Brazos Valley Railway Co., will be held at the office of the company at Calvert, Texas, Saturday, April 20, 1901, at 2 o'clock p. m., pursuant to the by-laws of the company for the transaction of such business as may come before the meeting. J. W. Byars, Secretary. d-april 10

An Essay on Habit.

A story is told of an English schoolmaster who offered a prize to the boy who would write the best composition in five minutes on "How to Overcome Habit."

At the expiration of five minutes the compositions were read. The prize went to a lad of nine years. Following is his essay:

"Well, sir, habit is hard to overcome. If you take off the first letter it does not change 'abit.' If you take off another you still have a 'bit' left. If you take off still another, the whole of 'it' remains. If you take off another 'it' is not wholly used up, all of which goes to show that if you want to get rid of habit you must throw it off altogether.—Youth's Companion.

Ceres' choicest harvest

Beautifully ripened wheat, carefully garnered, ground by the best process known to modern millers, results in that now famous brand of pure white flour

The White Crest

Containing all the nutrient properties of the grain, freed from all irritating particles of the hull, free from dust and other impurities. White Crest flour stands pre-eminent as a bread maker.

THE BOILER EXPLODED

A Laundry Wrecked Causing Death
and Destruction.

EIGHT ARE KILLED.

Twenty-Five of the Employees Were In-
jured, Some of Them Being
Fatally Hurt—More Victims
Are in the Ruins.

Chicago, March 11.—By the explosion
of the boilers in Doremus' steam laun-
dry on Madison street near Throop on
the west side, shortly after 8 o'clock
this morning, the entire building was
wrecked. It is stated about 30 girls and
between 50 and 60 male employees were
buried in the ruins, which immediately
took fire.

Twelve girls were dragged from the
wreckage before the fire broke out and
all badly hurt. Others were caught in
the crash of falling walls and flying tim-
bers. A general alarm was turned in
and hundreds of firemen attack the pile
in a desperate effort to drag the unfor-
tunates from certain death in the fire.

The building was a 2-story brick,
the boilers being located in the basement.
Between 75 and 90 men and women
were employed in the laundry and they
had just gone to work.

Two unidentified bodies, one man and
one woman, were taken from the ruins
and several badly injured ones were
sent to various hospitals.

Among the injured are: Teresa Van-
sick, George McVail and Van Allen. All
are in a serious condition.

The unidentified bodies of three girls
were then taken out. Two were so fright-
fully mangled the fireman had to re-
move the remains in baskets.

Twenty of the victims were taken out
in a few hours, all injured, some fatal-
ly and sent to hospitals.

From the best information that could
be obtained at noon at least 25 were
still in the debris and probably all dead.

Frederick Peet the manager, was in-
jured.

One of the dead girls was identified
as Bessie Kincaid.

A dead man apparently about 35
years old, supposed to have been work-
ing in the laundry, was also taken out.
He was frightfully burned.

Eight dead bodies have been taken
out of the ruins by 2 o'clock this after-
noon. The injured rescued number 25
and is not believed more than 5 persons
remain in the wreck. Many of those
first believed to be in the wreck escaped
when the explosion occurred.

KILLING THE FRIENDLY.

A Kind of Highbinder Society Exists
Among the Filipinos.

Manila, March 11.—The trial of nine
natives charged with having murdered
Quisenberry, president of Calaraba, be-
cause he was friendly to Americans, dis-
closes how the insurgents terrorized
the natives even in the territory occu-
pied by the Americans. Members of
the secret society known as Mandu-
ducats have systematically abducted and
killed Filipinos favoring American rule.
In two months at Calaraba the Mandu-
ducats have killed 49 natives. The vic-
tims usually were buried alive. Fear
has kept the people silent. The ring-
leaders were arrested and tried, and
many suspects are held pending an in-
vestigation. The arrests have effectually
checked the operations of the Mandu-
ducats. The verdict of the military
commission trying them has not been
announced.

THREAT FROM RUSSIA.

Will Attempt to Force China to Sign
Manchuria Concession.

London, March 11.—The Times in a
second edition publishes a dispatch from
Shanghai saying it is reported upon
trustworthy authority that Russia has
notified China that unless the Manchur-
ian convention was signed at an early
date she will withdraw the convention
and substitute harder terms in its place.
Li Hsing Chang declares he is power-
less to resist and has appealed to the
United States, Great Britain, Germany
and Japan to intervene in China's be-
half.

His Freedom Brief.

Carbondale, Ills., March 11.—John F.
Reynolds, who was released Thursday
from the Southern Illinois penitentiary,
was brought by United States Marshal
Eaton of Menard before Commissioner
Caldwell of this city charged with the
embezzlement of \$557 of government
funds in 1896, while a postoffice em-
ployee at Green, Col. He was taken to
Springfield and will be sent to Colorado.
Reynolds was a veteran of the Spanish-
American war, having served under
Colonel Culver in the Fifth Illinois. He
had just finished a term in the penitenti-
ary charged with bigamy.

To Edit the Laws of Congress.

Washington, March 11.—James Mc-
Cullom, son-in-law of the late John
Sherman, has been regularly appointed
by the secretary of state to edit the laws
of congress, having heretofore done the
same work under contract.

Texas Legislature.

Austin, March 11.—The house to-
day devoted the entire morning session
to a discussion of the bill seeking to
further develop the iron manufacturing
industry at Rusk. No final action.
No senate.

BOER PEACE TERMS.

Some Fear Among the British the Terms
Will Be Too Light.

Bloemfontein, March 11.—General
DeWet is reported moving northward
steadily at the rate of 25 miles a day,
with a view of crossing the railway to
the eastward. He should now be west
of Kroonstadt.

Several small commandoes are in pos-
session of the southeastern portion of
Grange River Colony, of which are the
garrisons of Dewetsdorp, Wepener,
Smithfield and Rouxville, have been
withdrawn.

It is impossible not to be struck with
the fact that the great proportion of the
former enemies of Great Britain in
South Africa now throw in their lot
with the British. Brandfort, Kroon-
stadt and Bloemfontein companies of
ex-burgers are now bearing arms
against the Boers. They state their ob-
ject is not to operate against their former
comrades, but to defend their homes
and property against the marauding
bands.

Every town in the Free state occupied
by the British will soon become the cen-
ter of British influence and extending a
long distance in their vicinity.

Over 13,000 refugees are now within
British lines and many of them demand
arms and permission to take the field.
If these requests are not granted it will
be an easy task to get 2000 ex-burgers
enrolled on the British side.

WILL HELP BRITISH.

Burgers Said to Be Soliciting Arms to
Stop the War.

New York, March 11.—The London
correspondent of The Tribune says with
regard to the reported negotiations be-
tween General Kitchener and General
Botha that fears are being expressed
lest the British should be too easy. Al-
ready from Cape Colony comes a strong
plea that the British ministry should
refuse to grant anything which should
be considered terms by the Boers. In
Great Britain opinions are divided on
the question, but undoubtedly the gen-
eral view is that the imperial govern-
ment refuse to embarrass itself with
preparations for the future organization
of the territory.

Death by Courtmartial.

Capetown, March 11.—A courtmartial
has sentenced to death two rebels con-
nected with the recent wrecking of a
train at Taibosch. Others concerned
in the crime are condemned to various
terms of imprisonment.

Kitchener and Botha.

London, March 11.—No further news
has been received concerning the nego-
tiations between Generals Kitchener and
Botha.

It is said that Mr. Kruger through
Dr. Leyds has sent a long telegram to
Mr. Shalkbarger, acting president of
the South African republic asking for
details regarding the negotiations.

HAY-PAUNCEFOTE TREATY.

Great Britain Rejects the Amendments
Added by the Senate.

Washington, March 11.—The answer
of the British government to the amend-
ment to the Hay-Pauncefote treaty was
received today by the British ambas-
sador and communicated to Secretary
Hay.

The British answer is dignified but a
complete rejection of the senate amend-
ments and leaves upon the United States
government the responsibility for any
further action that may be deemed ex-
pedient.

Kidnaping Bill Signed.

Jefferson City, Mo., March 11.—The
kidnaping bill has been signed by Gov.
Dockery. An emergency clause is at-
tached. Hereafter kidnaping is punish-
able by death or a minimum imprison-
ment sentence of five years. Senator
Martin of Saline county is the author of
the bill. The bill was reported from the
house with an amendment fixing the
minimum at five years' imprisonment.
This was concurred in at once by the
senate. It was enrolled and presented
to the governor, who signed it at once,
having it in his possession only about a
minute.

Guarding His Sugar Budget.

New York, March 11.—Sir Michael
Hicks-Beach is closely guarding his
budget secret, says the London corre-
spondent of The Tribune, and nobody
can say with certainty that he intends
to tax sugar. In anticipation of the tax
on this commodity, however, the im-
ports of sugar showed an excess last
month of 50,000 tons over the quantity
imported in February, 1900. Another
indication is found in the fact that
British custom authorities are endeavor-
ing to get together a staff of officials
possessing a knowledge of the sugar
trade.

Work Begun.

Fort Worth, March 11.—The Bishop
syndicate began work on its interurban
road from Fort Worth to Dallas this
morning. They expect to have 400
or 500 men and teams working on the
grade soon. The company expects to
complete the road and have it in op-
eration in seven or eight months.

City and County Consolidation.

Denver, March 11.—The house has
passed on third reading Senator Rush's
bill for the establishment of city and
county of Denver with a single set of
officers. The bill now goes to the gov-
ernor.

Poor Farm Prison Burned.

Huntsville, Tex., March 11.—The
prison at the county poor farm, near
here burned Saturday night. The six
prisoners confined were removed, three
of them escaping while the guards were
attempting to extinguish the fire.
